**Title of Position:** Maintenance Technician

## **JOB DESCRIPTION**

**Summary/objective:** The car wash Maintenance Technician must be able to regularly travel between locations, travel could be day trips or overnight trips. The Maintenance Technician is responsible for maintaining car wash equipment and helping troubleshoot and fix equipment issues. Equipment includes but is not limited to automatic bays, self-serve bays, vacuums, water systems, and electrical systems.

### **Essential Functions:**

- Maintain a positive attitude/work environment, and have fun while working at the locations!
- Service and repair car wash equipment
  - Including but not limited to: auto bay equipment, self-serve bay equipment, vacuums, pumpstands, doors, etc
- Install new car wash equipment
  - Either at new facilities or existing facilities (equipment upgrades)
- Troubleshoot and diagnose equipment issues and problems in person and over the phone as needed
  - The technician is the main point of contact for Site Managers who need help diagnosing an issue
- Perform regular “tech visits” to designated locations and fill out proper paperwork to record visits and findings
- On call responsibilities: respond to “emergency” equipment issues and assist the Site Manager in repairing equipment or diagnosing an issue.

\*Duties, responsibilities and activities may change at any time with or without notice.

### **Required Qualities:**

**#1 Priority: Must be an individual who exemplifies and practices these qualities regularly:**

- Accountability
- Team work
- Hard work
- Honesty

- Strives for excellence and is results oriented
- Clear communicator
- Dependable & reliable
- Punctual
- Professional
- Ability to constantly learn & improve

**Required Experience and Skills:**

**Must have a minimum 1 year of experience in one of the following categories:**

- HVAC - HVAC experience is extremely helpful to this position. (Wiring, controls, relays, etc)
- Plumbing
- Electrical
- Construction/carpentry
- Irrigation
- Trade school (if you have not worked in HVAC, plumbing, or electrical before... but you went to trade school)
- Car wash maintenance experience
- Ability to use hand tools and power tools safely
- Ability to maintain a safe, clean, working environment
- Organizational skills to keep schedule and tools organized and accessible
- Great customer service skills and professional appearance when interacting with customers
- Ability to work with a team to accomplish desired results
- Positive upbeat personality to help motivate the team towards common goals
- Ability to learn quickly and ask questions
- Willingness to invest time in training and classes

**Work Environment:** On-site at assigned wash locations throughout Wyoming and Montana. This position will require significant hours on the road year round driving between locations. Travel is an essential and required part of this position. The on-call nature of this position occasionally requires unexpected travel for wash equipment emergencies. Must be able to flex your schedule to accommodate.

**Physical Demands:**

- Ability to climb up and down ladders, bend, stoop, and lift 50+ lbs while installing/servicing equipment
- This is a year round position, in which employees may need to be outside. This is applicable to hot summer days and cold winter days.
- Employees are on their feet the majority of the day, except when taking allowed breaks.

**Schedule:**

- On Call
- Overtime

**Affirmative Action/EEO statement:** Rocky Mountain Wash, LLC is an equal opportunity employer. All applicants will be considered for employment without attention to race, color, religion, sex, sexual orientation, gender identity, national origin, veteran, or disability status.
